

SOUTHERN OHIO ESC PROUDLY PRESENTS
TRACY L. CROSS, PH.D.

**"THE SOCIAL AND
EMOTIONAL LIVES OF
GIFTED STUDENTS"**

Author of *On the
Social & Emotional Lives
of Gifted Children*

The interior lives of gifted students are influenced by their individual characteristics and by their experiences of the outside world. JOIN US as we discuss the lived experiences of gifted students and the intersection of how their individual characteristics can impact relationships, their emotional well-being, and psychosocial functioning. The day-to-day lived experiences of gifted students can include a variety of stressors unique to them. Peers, teachers, and family members may support or undermine their psychological functioning. Using developmental and motivation theory, we will discuss what the research on gifted students tells us about challenges to their happiness, mental health, and productivity as we explore options for the adults in their lives to provide the support they need.

TUESDAY, SEPTEMBER 24, 2019

8:30 AM - 3:30 PM
